Barcelona INTERNATIONAL COLLEGE

# The City of Barcelona

estled along the coast of the Mediterranean Sea lies a city with more than 13,000 overseas students partaking in international exchange programs and living amidst bustling cafes. Barcelona provides the scene for a collective of languages and cultures with Spanish and the regional language of Catalan leading the way, joined by conversational snippets of Portuguese, French, and an array of European languages. Barcelona International College (BIC) finds itself in a truly multicultural setting that will excite, challenge, and enrich every student's experience.

Barcelona is simply a spectacular city in which to study and live. It is one of the most cosmopolitan cities in Europe and without a doubt the most modern city in Spain. It is a city of contrasts; it mixes the best of old and new, traditional and trendy, religious and secular, conservative and progressive, the list goes on...! As such, this vibrant city offers students the unique opportunity to surround themselves with the Spanish language and tradition while at the same time taking advantage of the unsurpassable diversity of the city.

Barcelona, the capital city of the autonomous region of Catalonia, enjoys a mild Mediterranean climate almost all year round. The city's proximity to the sea means that Barcelona boasts kilometers of beach right in the city center and hundreds of kilometers in the region of Catalonia. Providing visitors with the best of both worlds, Catalonia also claims the majestic Pyrenees mountains just to the north of Barcelona.

> Barcelona is the only city in the world with nine UNESCO World Heritage sites – more than Paris or Florence!

# BIC Barcelona International College

arcelona International College (BIC) blends the best of university education in the United States with the academics and culture of Barcelona. The mission of BIC is to provide the highest quality academic program combined with experiential education so our students can gain as much outside the classroom as inside.

BIC occupies a modern and spacious three-story building in the heart of the Eixample district of Barcelona - a beautiful area constructed in the typical Modernist style during the 19th and 20th centuries - and is surrounded by restaurants, cafés and stores. With an unrivalled location in the heart of Barcelona, well-connected by public transportation to all parts of the city, the BIC is truly a multicultural setting boasting sleek, modern facilities that help create a stimulating academic atmosphere.

#### **BIC Facilities**

BIC classrooms are designed to be small and interactive, as well as to soak up the natural light beaming in from the Barcelona sun. Within the school, all students have access to free wifi, a computer lab, printing facilities, quiet study rooms, sunny terraces, cafés and more.

### JACKSONVILLE U N I V E R S I T Y

## School of Record Jacksonville University, Florida

Il courses at BIC are accredited through Jacksonville University in Florida, an institution that combines the advantages of a liberal-arts college with the strengths of an urban comprehensive university. Jackson University offers several distinguished areas of study, offering over 70 majors, programs, and concentrations. The Davis College of Business, a AACSB private business school, along with outstanding undergraduate academic options in liberal arts and sciences, prepare students for success in their chosen careers and for advanced study at the graduate level.

One main goal of a Jacksonville University education is the focus on engaged learning. This idea translates beautifully to a program located in another country where experiential education is our key focus; we aim for students to seek additional education outside of the classroom based on concepts learned inside the classroom.

At Barcelona International College, course syllabi and professors are evaluated and approved by Jacksonville University to maintain the high standards of accreditation. Regular reviews of the BIC program ensure that continuing academic quality remains at the heart of BIC's mission. All BIC students receive an official Jacksonville University transcript for the courses taken in Barcelona. These official transcripts are sent to a student's home university with 6-8 weeks after the completion of the summer or semester programs.

### **Academic Programs**

U.S. University transcript!

IC offers American and international students the incredible opportunity to vastly improve their Spanish while earning university credit for taking courses in English and Spanish in a variety of subjects. BIC students receive a transcript from Jacksonville University, Florida accrediting their full course load.

While our intensive Spanish classes will give you the skills and confidence to immerse yourself in the local culture and make the most of your study abroad experience, the BIC program offers you the added benefit of fulfilling university academic requirements with specially designed courses in International Business, the Humanities and more. The classes are mostly taught in English, with some courses taught in Spanish at a level for students who don't have Spanish as a first language.

Both the electives and Spanish language courses are taught by the best local and international professors Barcelona has to offer, all of them with experience teaching to international students.

#### **Academic Options**

BIC's flexibility through various study options allows students to tailor their curriculum. Options include studying during the fall semester, spring semester, the full academic year, or during one of two summer terms.

#### Academic Requirements

- Students must have a minimum of a cumulative
  2.5 GPA (of a 4.0 scale) or equivalent.
- No previous Spanish language is required.

# **Academic Tracks**

#### **International Business Focus at BIC**

In addition to language and humanities, the BIC also focuses on International Business course options for students. Classes range from general International Business to International Marketing, cross-cultural issues in management and more. Many universities choose BIC for customized programs for their international business departments.

The International Business curriculum is developed and taught by professors who come from the world of business and have experience teaching at some of the top Business schools in Barcelona and globally.

#### Liberal Arts and Humanities Focus at BIC

BIC works hard on behalf of the students to offer a variety of courses in Liberal Arts and Humanities so students will have no trouble finding classes to count towards their graduation requirements. The courses in Liberal Arts and Humanities cover History, International Relations, Politics, Cultural Studies, Global Studies and more.

#### **Spanish Language Focus at BIC**

Spanish language acquisition is a top priority for the staff at BIC and we encourage language development in every aspect of the program. From beginner to advanced levels, most semester students will take an intensive Spanish course worth 3 U.S. credits, plus three or four

electives worth 3 U.S. credits each. Summer students will choose from the following: an intensive Spanish language course worth 6 U.S. credits; or Spanish language class worth 3 U.S. credits plus one 3-credit elective; or two electives in English worth 3 U.S. credits each. The variety of options offer students everything they could want!

Small language classes mean that students get intensive Spanish practice with their peers and teachers. Interaction with staff in Spanish, extra-curricular activities, and weekly tutoring all provide out-of-class opportunities to enhance Spanish language progress that would not take place on your home campus.

#### Catalan Language Option at BIC

Catalan lessons are available to introduce students to the history, politics, language, and unique culture of Catalonia, particularly in relation to Spain. The environment of Catalonia will help the students take a look at modern day Catalonia and glance back to see what events and people have shaped the nation to make it what it is today. Students will be asked to interact and analyze their own experiences with Catalan culture, not only to reflect on the differences between the rest of Spain, but also between their own values and culture.

## **BIC Staff**

#### Rich Kurtzman Director

Rich Kurtzman is originally from Chicago, Illinois but he has made Barcelona his home since 2002. Rich has studied, interned, worked or volunteered in Spain, Russia, Italy, the Philippines and Morocco and has previously worked in Study Abroad as Site Director, Academic Dean, Professor of Language and Culture, Intercultural Competence Coordinator, and Student Advisor. Rich also provides international business and culture training workshops for executives from multinational corporations moving to Spain.

María José Gelabert Academic Director

Paula Cerdeira Spanish Language Coordinator

#### Eduardo Balada Activities and Office Manager

#### **BIC Professors**

All Spanish language professors at BIC possess M.A. degrees in Spanish Philology and vast experience in the classroom. The elective courses are all taught by professors with M.A. or Ph.Ds in their fields. BIC's system of ongoing teacher-training ensures that the professors are continually improving not just in their fields of expertise but also in teaching methodology.

#### www.BarcelonaCollege.com

#### **Professor Spotlight**

#### **Paula Cerdeira**

Paula Cerdeira is originally from Galicia, in northwest Spain but has been living and working in Barcelona since 2003. Prof. Cerdeira spent 5 years in Germany while working on her doctorate and teaching Spanish as a foreign language in the Faculty of Philology of Paderborn University.

Currently she is the Spanish Language Coordinator of Barcelona International College. Prof. Cerdeira teaches Spanish language and culture, various specific courses in Business Spanish, and acts as an official examiner for the DELE exams in Spain (Diploma of Spanish as a Foreign Langauge).

Professor Cerdeira is also co-author of teaching Methods of Spanish for young learners from the editorial EDINUMEN Publishing Collection: Club Prisma levels A1, A2, B1 and A2-B1 (student course and workbooks) and B1 teacher's Manual, Collection of ¡Está Claro! 1, 2 and 3 (student's book).

# Housing

tudents have several options for housing during their stay in Barcelona. All BIC housing is carefully selected to be safe, inviting and comfortable. Each housing option provides a distinct living experience for students to enjoy whether they stay for 1 month or a full year!

> Several housing options for all student preferences

## Accommodation

#### Home stay

A home stay can be a meaningful path towards cultural integration and language immersion during the study abroad experience. Home stays are designed to be a mutually valuable experience for both the hosts and the participant. We work to find home stays who want to share their culture and language with the students and create a warm atmosphere.

Home stays include breakfast and dinner every day (except excursions), laundry service once a week, and a set of keys to the apartment for coming and going as you please.

Students share double rooms but can secure an individual room for an extra fee.

#### Apartments

Living in an apartment in Barcelona provides students with a very realistic experience of life in the city. Apartments are fully equipped shared living spaces that Barcelona International College students may live in jointly with other students – American or international.

The apartments are spread throughout the city in safe areas with easy access to public transportation, restaurants, and shops.

Students share double rooms but can secure an individual room or private apartment for an extra fee.

Students who choose to live in an apartment do not get meals included but have kitchen and cooking facilities.

#### **Residence Halls**

Students may choose to live in a beautiful, brandnew residence hall located in the city center; there is no better location to in the city to live with just a 5 minute walk to Paseo de Grácia – the majestic boulevard of Barcelona. The residence hall is filled with other international students and young professionals, includes shared cooking facilities, a café, a swimming pool and quiet places to study. Securing a place in a residence hall is not easy due to limited space and an extra fee applies to this option.

# Cultural Activities

ost courses include academic field studies that let students use Barcelona's quaint cobble-stoned streets as their living classroom. With extras such as visits to art museums or walking tours around the city's hidden gems, the courses make the most of the exciting location both inside and outside of the classroom.

### www.BarcelonaCollege.com

# **Cultural Activities**

e know that just as much learning takes place outside the classroom as inside, which is why we organize several extra-curricular intercultural activities and excursions throughout the term.

Imagine learning a little more about the history of Spain through a cooking class, or learning about Southern Spain's traditions while enjoying a Flamenco show, or getting to know the barrios, or neighborhoods, of Barcelona with small guided tours.

#### **Airport Pick-up and Orientation**

All BIC students will be met at the airport and receive a thorough Orientation upon arrival. The orientation aims to prepare students for their time abroad by going over health and safety information, an introduction to the city of Barcelona, help with transportation, culture shock discussions and plenty of time to get to know the other students through fun activities and our welcome dinner.

### Some past Cultural Activities with BIC students:

- El Borne a trendy neighborhood near the Gothic quarter
- Grácia a Bohemian neighborhood with its own flair
- A Barcelona modernism tour visits to Gaudí's treasures
- Arc de Triumph and Ciutadella Park walk through living history
- Contemporary issues: the Raval Diversity Index
- Hike and calçotada (typical Catalan Winter barbeque) in the mountains
- Barça **fútbol** team games and museum
- Spanish and Catalan cooking class
- Salsa dance classes
- "Speed Intercambio" Language Exchange meetings

Explore Barcelona through BICorganized cultural activities.

# Weekend Excursions

HILLINGIAN.

# Some past day trips

#### Girona and the Dalí Museum

Girona, located midway between the sea and the mountains, is one of the most evocative historical centres in Catalonia, with certain elements that are unique to Europe. Not far from here, in the town of Figueres, is the Dalí Museum, the largest surrealistic object in the world containing the widest range of works spanning the artist's career.

#### Tarragona

A quiet and pleasant city on the Catalan coast, where you can admire some of the best preserved Roman ruins in the Iberian Peninsula. Tarragona was the capital of Roman Spain and maintains this glamour with fantastic monuments still today.

#### Montserrat

A mountain range, a sanctuary, and a monastery that offers a rich artistic, historic, and natural heritage. A trip to Montserrat is unforgettable for its scenery, music and natural beauty.

#### Sitges

A small coastal town, famous for its nightlife, popular beaches, and arts and cultural scene.

#### **Freixenet winery**

Spain's famous and historic winery, producing some of the best "cava". Students can see how it's produced, manufactured and marketed to the public.

### Some past weekend trips

#### Granada

Spain's "Moorish Jewel" is the city of endless sunshine and imagination, the land of spirited literary heroes and passionate bullfighting, and the birthplace of delectable tapas and fiery flamenco.

#### Madrid

From Real Madrid CF to Pedro Almodóvar, fried calamari sandwiches to churros con chocolate, Madrid is the capital and largest city of Spain. The grand city boasts palaces for kings, world-famous museums and incredible architecture fit for a capital city with living history.

#### Valencia

One of Spain's largest cities possessing plenty of sights from over 2000 years of history along with stunning ultra-modern architectural buildings, an active cultural atmosphere, excellent local and international gastronomy, unique nightlife, and pleasant beaches.

#### Zaragoza

Zaragoza is one of the great monumental towns in Spain. It was founded some 2000 years ago, and Iberians, Romans, Visigoths, and Moors equally left their heritage. Zaragoza as well includes important buildings of Spanish baroque.
